

Daraz Pakistan — Seller & Marketplace Policy Knowledge Base

This is a structured summary of Daraz Pakistan's publicly available Marketplace Agreement and seller information, accessed on 19 September 2026.

SELLER PLATFORM

- Sellers use Seller Center to manage marketplace activities.
- The Marketplace Agreement incorporates Daraz's applicable platform policies and guidelines.
- Sellers must provide required product information, including descriptions, availability, images, price and other information required by Daraz.

PRODUCT INFORMATION

- Daraz's agreement specifies required information such as product description, stock status, shipping limitations, categorization, accurate images, listed price, brand, model, dimensions, weight and technical specifications where applicable.

RETURNS

- The agreement identifies defective/damaged, incorrect and incomplete products as return situations.
- Change-of-mind returns can apply to certain categories.
- Returned products can undergo Daraz quality control.
- If a quality check determines that a customer's return claim is invalid, the product can be sent back to the customer.

SELLER SUPPORT

- The agreement defines Seller Support Center as Daraz's support service for seller issues and business growth.

FULFILMENT

- The Marketplace Agreement describes fulfilment models including Dropship and Daraz Express.
